What is IEEE Collabratec?

the IEEE Member Advantage

An open platform to advance knowledge and collaborations around engineering and technology. IEEE Members get exclusive services and privileges around technical networking, knowledge sharing, and member recognition.

Technical Networking
Innovators, engineers,
technologists

Knowledge Sharing
Cutting edge info,
in-depth discussions

Member Recognition
Societies, Grades,
Volunteering

Technical Networking

- ▶ Professional profile distinguished by membership badge denoting grade
- ▶ Exclusive access to IEEE, Society, and special interest directories, with 250,000+ members participating
- ▶ Full control of privacy through flexible settings, including limiting visibility to only IEEE members
- ▶ Opportunity to mentor / be mentored across IEEE's technical disciplines and global network

Knowledge Sharing

- ▶ Self-managed groups for collaboration, with extended privileges for group creation and participation
- ▶ Unlimited folders for organizing files in groups and personal library
- ▶ IEEE-sponsored communities on hot topics such as Cyberethics, Smart Cities, Artificial Intelligence, Blockchain, IoT, 5G, Entrepreneurship
- ▶ News and broadcasts from the award-winning *IEEE Spectrum* and IEEE.tv
- ▶ Search integration with IEEE Xplore, and personal library

Member Recognition

- ▶ Personalized certificate of IEEE membership available for PDF download and display, refreshed annually
- ▶ Prominent display of IEEE societies, affiliations and claimed papers on profile
- ▶ For IEEE Volunteers, distinct badge and profile listing of positions chronicling present and past service to IEEE

Uniting resources onto one platform

The screenshot displays the IEEE Collabratec website interface. At the top, there is a navigation bar with the IEEE Collabratec logo on the left, a search bar in the center, and a menu icon on the right. Below the navigation bar is a sidebar on the left containing navigation links: Home, People, My Network, Communities, Groups, Opportunities, Events, Library, Premium Services, and Feedback. There is also an 'Invite Contacts' button and a section for 'Get the Mobile App' with links to the App Store and Google Play. Below that is a 'Contact and Support' section with links to IEEE Sites and IEEE Policies, followed by a copyright notice for 2018 IEEE.

The main content area features a video post titled "Unleashing the Power of 5G - Marc Rouanne - Brooklyn 5G Summit 2018" posted 27 minutes ago. The video thumbnail shows a man speaking at a podium. The text below the video reads: "Opening keynote speaker Dr. Marc Rouanne, President of Mobile Networks at Nokia, launches the summit with his perspective on how to approach the next steps of 5G - with openness, speed and radical innovation. Speaking from Nokia standpoint, Dr. Rouanne share how this approach will lead to breakthrough network performance and speed reduction. For all 2018 Brooklyn 5G Summit video, visit: <https://ieeetv.ieee.org/event-showcase/brooklyn5g2018>". Below the video are interaction buttons for Like (1), Share, and Comment (0), and a comment input field.

Below the video post is an article titled "It's Never Too Early To Think About 6G" posted 2 hours ago. The text reads: "Companies have barely begun deploying 5G networks, but that just means researchers are thinking about what comes next". Below the text is a large image showing a person's hands holding a glowing blue sphere with the letters "6G" in the center, surrounded by a network of nodes and lines.

On the right side of the interface, there is a section for "IEEE SS12" with 2 members and a "More Communities" button. Below that is an "Advertisement" section featuring a circular image of two people talking, with the text "Be an Even Better Engineer" and a "Join/Renew" button, and the IEEE logo at the bottom.

Making a Difference for IEEE Members

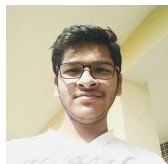

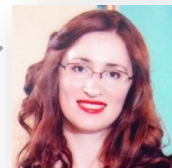

the IEEE Member Advantage

“I came across some researchers that never used any social media but are happily using collabratec.” Ahsan Farooqui, IEEE Member Islamabad Section, Pakistan

“IEEE Collabratec has given me great and invaluable opportunity to discuss and share events/ideas with the members of IEEE Switzerland.” Maria-Alexandra Paun, Chair, IEEE Switzerland Section

“IEEE Collabratec has a huge role in my life. It has introduced me to such people who literally changed my life. It had given me a proper direction to build up my career and research interest. Thank you very much for creating this platform. :)” Parimey Patil, Uttar Pradesh, India
