Commander MSWG

LT COL Edith Street
MSWG Chief of Staff

Historian Activities Highlights for August 2017

- Began reviewing and scanning appropriate history materials received from LTCOL Danny Wilson.
- Received a note from COL Mal Woodcock that he has sent most of his records to MSWG HQ. I may not have the correct contact email or phone for COL Carlton Sumner.
- Proposed a criteria for how to archive history data, level and importance to MSWG, as shown below.
- Compiled a record of the tragic deaths of LTCOL David William, COL John Tilton and CPT W.C. Young on 13NOV2012.

PLANS for FY2018 to compile MSWG history for the 5 year period 2012- 2017

- Contact the 15 MSWG Squadron Commanders for persons who should be interviewed.
- Explore using TechSmith: Visual Communication Software Camtasia video recording equipment for interviews <https://www.techsmith.com/>
- Check with the IEEE Aerospace & Electronic Systems society President Teresa Pace (www.ieee-aess.org) to request borrowing Camtasia equipment for interviews.

Proposed criteria for compiling historical records for MSWG

1. Records should be saved that support the CAP core values of Volunteer Service, Integrity, Excellence and Respect.
2. Records should be saved that show how CAP Emergency Service, Aerospace Education and Cadet (for 12-18 year olds) programs have been promoted and advanced.
- 3.

Respectfully Submitted
