

IEEE Aerospace & Electronic Systems Society

VP Education Report

Iram Weinstein

11 February 2010

IEEE Aerospace & Electronic Systems Society

Distinguished Lecturer Status

- Already Received Several Invitations
 1. George Schmidt – Ft. Monmouth 50 attendees (delivered \$475)
 2. George Schmidt – Five lectures in India in June (approved \$2263)
 3. Saj Durrani – Tunisia Chapter in March (Denied – Mortari DL last Dec)
 4. George Schmidt – Ukraine Chapter in Kiev (Undecided – Invited Conf paper)
- Gartz lectures in Italy/Scandinavia paid from 2010 Budget
- Approximately \$7500 of \$15K budget uncommitted
- Need help in developing DLs from other regions

IEEE Aerospace & Electronic Systems Society

Video Tutorial Status

- We have the same three tutorials that we started with
 - Jim Farrell is developing one on GPS/INS
 - Goldstein/Picciolo have withdrawn
 - Eli Brookner still promises a Kalman filter tutorial
- Disappointing hit statistics
 - January: 68 visitors, 3.2 minutes on site, 70% Americas, 17% Europe, 13% Asia
 - Pageviews: evts 94, Radar 22, bistatic 19
- Many other sources of good free tutorials
 - Selex [Radar Basics](#), Lincoln Laboratory, [here](#) and [here](#), IIT Kanpur, [Intelligent Control](#) (many other relevant tutorials from India)
- What should we do next?
