

Technical Operations

Officers Strategic Planning Meeting

January 20, 2018

Miami, FL

VP Technical Operations: George Schmidt

Committee: Mike Braasch

Stefano Coraluppi

Hugh Griffiths

Leo Lighthart

Technical Operations Goals

1. Each Technical Panel has a full portfolio of technical activities
2. Technical Operations is fully involved with all AESS technical activities
3. There is synergy and collaboration with AESS Educational Activities and the Panels with expanded distinguished lecturer coverage and continuing professional development activities in all AESS fields of interest
4. Technical panels and chapters are collaborating
5. A Panel best practices document is being used by all Panels and yearly recognition of outstanding technical panels continues
6. There is increased AESS member engagement in all technical panels and the AESS in general.

Summary of 2018 Objectives

1. Complete Tech Ops committee GAP analysis and review of all panels for relevance, activity, conferences, leadership and opportunities for improvement. Recommend continuation, probation, or closure.
2. Improve coordination and collaboration between Tech Ops and Education, Conferences, Membership, Publications, and Industry Relations.
3. Complete GAP analysis relative to DLs and Panels and work with Education to include Panel recommendations for DLs and for DLs as members of Panels.
4. Prepare a list of 2018 Panel meetings, dates, and locations to see the geographical overlays with chapter locations for possible meetings with both groups.
5. With input from very successful Panels, develop a Best Practices Panel Activities document to help newly formed and existing Panels in their operations.
6. Improve publicity of Tech Ops and Panel activities in emails, QEB, and Systems Magazine. Encourage all Panels to form special sections in a Systems issue and develop other publications.
