# QEB Leadership

- EIC – Cosimo Stallo
- Associate EIC – Judy Scharmann

# QEB Status

- All QEB issue deadlines were respected;
- QEB has a strategic role to capture new members ... especially among the youngest people.
- Moreover, we are working to promote IEEE AESS workshops, Conferences, DLs through QEB.
- Currently we are preparing January QEB issue.

You're receiving this Quarterly Email Blast because you are a member of the IEEE AESS.

### Welcome Message by Hugh Griffiths *AESS President 2011-2012*

As I write this, I was supposed to be traveling today to New Jersey for the IEEE Technical Activities Board (TAB) meetings. Not surprisingly, the devastation following the storms has meant that this event has now been downscaled, so that only the essential business is to be done, and most participants will not need to attend in person. Our thoughts and prayers go out to all of those whose lives and property have been affected by these storms.

You will shortly be receiving the new-format AESS Magazine. This new format and new content is the result of many months of thought and planning, and I would particularly like to thank Teresa Pace as Editor-in-Chief of the Magazine and Peter Willett as VP of Publications for all of their hard work in bringing this project to fruition. Can I ask you to show this to your professional colleagues who are not members of AESS, and encourage them to join ?

With best wishes,

Hugh Griffiths  
President, IEEE AES Society
