

Aerospace & Electronic Systems Society (AESS)

New AESS Web Site

<http://www.aess-ieee.org/>

Aerospace & Electronic Systems Society (AESS)

- **Changes since Fall 2006 BoG meeting**
- PM Networks is no longer in business. We merged with another company 9 months ago to form a larger organization. S&P Incorporated currently represents a team of about 15 developers, designers and content manager.
- Of the original \$15,000 that was paid to PM-Networks, \$8,000 were expended in setting up the new website and the \$7,000 balance was consumed due to business closure.
- S&P charges \$45 per hour for web development.

Aerospace & Electronic Systems Society (AESS)

- **Changes since Fall 2006 BoG meeting**
- Estimate the implementing the scrolling text and hit counter will take approximately 3 hours, and providing password protection for the Board of Governors section will take approximately 8 hours.
- Web development rate is \$60 per hour and content updates are billed at \$40 per hour. All pertinent information that relates to the host provider and new website (www.ieee-aess.org) will be necessary information we will need to upload content, and make adjustments in coding (DNS information, etc.).

Aerospace & Electronic Systems Society (AESS)

- **AESS website status**

- <http://www.ewh.ieee.org/soc/aes/>

- (Modified 25-Aug-2006)

If you would like to contact the IEEE AES Webmaster, email to webaess@ieee-atlanta.org

© [Copyright](#) 2006, IEEE. [Terms & Conditions](#). [Privacy & Security](#).

- **Chapters (as listed on AESS website)**

- [2005 Chapter Chair Listing](#) **New !**

- We are currently paying a person \$140/month at GTRI to maintain the AESS website that has not been updated since 8/25/06

- New website <http://www.aess-ieee.org/>

is incomplete! This domain name expires on 16 Dec 2007

Aerospace & Electronic Systems Society (AESS)

- **ACTION ITEMS for AESS website**
 1. Assign an AESS website administrator and alternate (Responsibility/Accountability/Authority) who can select a Board member for each of the main headings and subheadings with responsibility for providing content and updates. Jim Leonard/BoG
 2. Develop a website update agreement and specific procedures for the AESS website with responsibilities and an annual budget. Ron Ogan/Theo Saunders
 3. Establish an officers only section to allow collaboration on ideas and topics to advance our the Aerospace & Electronic Systems Society. Selected Web Developer

Aerospace & Electronic Systems Society (AESS)

- Motion (approved by BoG on 4/20/2007)
- Select Conference Catalysts LLC, Manhattan, KS to complete the new website and renew the domain name at cost not to exceed \$5000. AESS to provide all files for the current website, otherwise, there will be additional conversion costs.
- Set up a monthly website maintenance program to upload 5 monthly updates (maximum 5 pages each) with mixed format of Microsoft® Office 2003+, text or html to be posted to the website within 5 working days of receipt.
- Provide website updates and corrections at a rate of \$40 per hour with a “not to exceed without approval” contract value per month of \$200 per month or \$2400 per year (web updates are included for first year agreement).
- AESS Board to designate a primary(Ron Ogan) and alternate (Mike Roberts) contacts to interface with the web developer, then in 2008, this responsibility will revert to the AESS BoG VP of Administration.
