

Cosimo Stallo

IEEE AEES YP Representative

Outline

- **Young Professionals (formerly GOLD) Introduction**
- **YP Special Session at 2014 MetroAerospace**
- **Press Conference of ESTEL at ESRIN (European Space Agency) premises on October 8th 2014**
- **QeB Issue of October 2014:**
 - **Special focus on YP and student activities**
 - **Call for YP AEES webinars**

IEEE

youngprofessionals

Who are?

- **IEEE Young Professionals is an international community of enthusiastic, dynamic, and innovative members and volunteers.**
- **IEEE is committed to helping young professionals evaluate their career goals, polish their professional image, and create the building blocks of a lifelong and diverse professional network.**

YP Webinars

- **IEEE Young Professionals offers webinars for members on topics related to professional development, humanitarian efforts, and technical knowledge.**
- **Young Professional webinars are scheduled quarterly and are recorded for on-demand viewing.**
- **YP AESS Committee will find volunteers to take AESS YP webinars (Call through Qeb)**

IEEE

youngprofessionals

**2014 IEEE AESS MetroAerospace
YP Special Session
Benevento (Italy), May 29-30 2014**

MetroAeroSpace (Metrology for Aerospace) Workshop aims to gather people who work in developing instrumentation and measurement methods for aerospace. Attention is paid, but not limited to, new technology for metrology-assisted production in aerospace industry, aircraft component measurement, sensors and associated signal conditioning for aerospace, and calibration methods for electronic test and measurement for aerospace.

2015 ESTEL Conference Press

- **Activities related to the development of press conference of the second edition of the IEEE AESS ESTEL that will take place at ESRIN (European Space Agency) premises in Frascati (Rome, Italy) on October 8th 2014.**

Other IEEE AESS YP & Student Activities

AESS Ottawa Chapter

➤ Canadian Space Summit

Albert @ Bay, Ottawa, November 14-15 2013

IEEE Daytona Section

ERAU Student Chapter Technical Meeting

On December 6th, 2013 the Embry-Riddle Aeronautical University Student Chapter co-sponsored a technical meeting with the IEEE Daytona Section.

The presentation was held on the Embry-Riddle Campus, Daytona Beach. The Technical topic for the presentation was Electric Cars.

Other IEEE AESS YP & Student Activities

**Fraunhofer Institute for High Frequency Physics and
Radar Techniques FHR.**

- **International Summer School on Radar/SAR**, which will place from **04-11 July 2014** near Bonn, Germany.
- It offers the unique opportunity to gain an in-depth education on radar and synthetic aperture radar (SAR) techniques by distinguished international lecturers.
- The program covers a wide range from radar fundamentals over state-of-the-art Radar/SAR systems to sophisticated radar signal processing techniques and their applications in remote sensing.

QeB – 2014 October Issue:

A special focus on:

- YP and Student Activities**
- Call for YP AEISS webinars**

**Thank you for
your
attention!!!!!!**
