

## MEMORANDUM

**TO:** AESS Board of Governors  
**SUBJECT:** Committee on Transportation and Aerospace Policy  
**DATE:** Spring 2015 (4/27/15)  
**FROM:** Eun Oh

**Discussion:** The AESS has been active participant to this Committee contributing to technical and logistic expertise supporting the endeavor of CTAP in the areas of commercial transportation policy.

The CTAP reports are all listed here: <http://ieeeusa.org/policy/positions/index.html> and of particular interest to the AESS may be:

We have actively participated in the discussion, workshops, and communicate to support CTAP activities.

**Current efforts:** We have been an active member, participating in the discussion at the Internal Workshop on National Security and Societal Implications of Remotely Piloted Airborne Vehicles and Related Technologies on March 20-21, 2015. We have assisted in the Position papers on Unmanned Systems and volunteered to assist in Upgrading the National Airspace System.

**Recommendations:** Revised from 2012: (a) Each AESS Board Member take a close look at this report and the CTAP website (<http://www.ieeeusa.org/volunteers/committees/ctap/index.html#positions>), identify areas for collaboration, and identify areas that are absent that we would like to engage. (b): Send amended list of interest items to Eun Oh,(Chapter Chairs) for Chapter distribution and insight (c) Engage CTAP with Implementation Strategy to impact change.
