## ABOUT THE COVER . . .

These photos were taken several years ago during an early search for the Lake Ontario schooners. (See head article.) They were first used in an article presented to an earlier OCEANS conference and later appeared in *The National Geographic*, March 1983.

## IEEE AEROSPACE AND ELECTRONIC SYSTEMS SOCIETY

The Aerospace and Electronic Systems Society is a society, within the framework of the IEEE, of members with professional interests in the organization, design, development, integration and operation of functional systems for space, air, ocean or ground environments. These systems include, but are not limited to, navigation, avionics, spacecraft, aerospace power, radar, sonar, telemetry, defense, transportation, and command and control. All members of the IEEE are eligible for membership in the Society and will receive this *Magazine* and the *Transactions* upon payment of the annual Society membership fee.

*The Society Board of Governors, Organization, and its Committees will be found on cover 3.*
