

IEEE Aerospace Electronic Systems

VP Industry Panel/Committee Report

Steve Butler

AESS Spring 2023 Board of Governors Meeting

San Antonio, Texas, USA

- Strengths
 - Diverse panel with significant experience and connectivity
- Weaknesses
 - Significant overlap in mission with other IEEE societies and panels
- Opportunities
 - Use strengths of team and role of AESS to make IEEE more relevant to industry
- Threats
 - Most of the people involved in the V&P Committee are extremely busy

- Steve Butler (Chair) - steven.butler@jhuapl.edu
- Mike Noble - noble@ieee.org
- Michael Cardinale - cardinal@ieee.org
- Stefano Coraluppi - stefano.coraluppi@ieee.org
- Puneet Kumar - mishra_mishra_puneet@ieee.org
- Roberto Sabatini - roberto.sabatini@ku.ac.ae
- Laura Anitori - laura.anitori@tno.nl

1. Industry panels at AESS conferences
2. Industry tailored short courses
3. Industry socials and recruiting opportunities at Chapter and conference events
4. Industry mentoring opportunities
5. Collaboration with IEEE Corp industry initiatives
4. Industry Ambassador program
6. Industry Innovation Award

Industry Mentoring Panel

- March 17, 2023 Inaugural Industry Mentoring Panel
- 200 Zoom participants in US, India, Ukraine, Jordan, Italy, Canada, Qatar, Luxembourg, Saudi Arabia, Bulgaria, South Africa, Netherlands, Germany, Spain, Kenya, Belgium, Nigeria, Russia, Bangladesh
- 6 Panel Members
 - Mike Nobel (Chair)
 - Bob Rassa
 - Arik Brown
 - Amanda Osborne (moderator)
 - Francesca ScireScoppuzzo
 - Steve Butler
 - Stephano Coraluupi
- Plan for an Early Career Session this summer
