International Carnahan Conference  
on Security Technology

**CALL FOR PAPERS**

**October 14-17 - San Antonio, Texas**

The International Carnahan Conference on Security Technology, sponsored by IEEE AESS and the Lone Star Section (LSS), is one of the longest-running international technical symposia. This conference has a broad scope and invites papers on advanced security technologies including physical, cyber, and electronic security research, development, systems engineering, testing, evaluation, case studies and new research lines to face current and future challenges.

**Full papers** are solicited in the topics listed below. All papers must be original and not simultaneously submitted to another journal or conference. All papers will be carefully subjected to a blind review process. The conference proceedings will be published in the IEEE Xplore® digital library. All questions about submissions should be emailed to [christopher.camargo@ieee.org](mailto:christopher.camargo@ieee.org).

Tutorial Fee	US \$350.00	

## CONFERENCE TOPICS

1	Access Control and Identity Management	14	Impact of Security Technology on Society
2	Advanced Video Systems	15	Infrastructure Protection and Resilience
3	Automatic Monitoring	16	Artificial Intelligence/Expert Systems
4	Threat Recognition,	17	Machine Learning/Deep Learning/Data Science
5	Aerospace Security, Airport Security	18	Computer Vision/ Natural Language Processing
6	Alarm Monitoring, Intrusion Detection	19	Robotics/ Drones/ UAVs
7	Command and Control Systems Including Human Factors	20	Virtual Reality/ Augmented Reality
8	Airport and Transportation Security	21	Game Theory / War Game design and simulations
9	Biometrics Including Voice, Hand, Finger, Face, and Other Characteristics	22	Electronic Warfare/ Network Centric Warfare
10	Blockchain, Crypto-Currency	23	LASER/RADAR/SONAR/LIDAR
11	Counter-Proliferation of Weapons of Mass Destruction	24	Cryptography/Cryptanalysis/Social Engineering
12	Cyber Security and Malware Protection	25	Quantum Technologies/Nano Technologies for Security
13	Emergency Operations and Management	26	TQM/Lean Six Sigma/Quality

## PAPER SUBMISSION AND PRESENTATION

- Papers must conform to the [IEEE Manuscript Template for Conference Proceedings](#)
- Papers are limited to a maximum of six pages, letter size (8.5 x 11 inches)
- SUBMIT YOUR PAPER using the IEEE PDF eXpress.**
- Authors will have to create an author account following below mentioned steps:
  - Go to the IEEE PDF eXpress site at <https://ieee-pdf-express.org/Account/Login>
  - Click on the link "New Users - Click Here" and fill in your information.
  - You will then need to enter your Conference ID: **63435X**  
Login into IEEE PDF eXpress with your credentials and confirm the pop up to receive the verification email. In case link not received you will be shown a popup to re-send the verification link, click on "Yes" and a verification email will be sent again to your registered email ID. You may then click on the verification link to activate your account.
- Once the author account has been successfully set up, authors need to log in to their author account and select "Create New Title" to upload the final version of their paper. Once the file passes the PDF check and the status shows passed, they must approve it for collection and then contact the conference organizer to inform them which PDF file they would like included in the proceedings.
- Previous users of PDF eXpress need to follow the above steps, but should enter the same password that was used for previous conferences. Verify that your contact information is valid.
- Presentations can be made using PowerPoint slides or PDF files for projection.
