

Call for Papers
IEEE Aerospace and Electronic Systems Magazine

Special Issue on
Noise Radar

Dear Noise Radar Community,

The IEEE Aerospace and Electronic Systems (AESS) will publish a **special issue** of its magazine on **Noise Radar**, focusing on developments in recent years.

The IEEE AESS Magazine enjoys a wide circulation and readership and is printed in colour.

We are aware of your work in the field of Noise Radar and invite you and your colleagues to contribute a paper to the special issue.

As a guideline time schedule, we invite you to submit your contribution by the **30 August 2019**. The peer-review process will take approximately three months. Authors will be provided notification and feedback by 30 November 2019. Authors should submit revised papers by 28 February 2020, following refining and or correction of their manuscripts based on the feedback from the reviewers. The contributions will then be reviewed again. Final comments will be delivered to the authors by 15 March 2020 and the final versions of the papers should be submitted by 15 April 2020.

You should expect to see **your paper published** in the **second half of 2020**:

Manuscript submission deadline:	30 August 2019
· First review completed:	30 November 2019
· Revised manuscript due:	28 February 2020
· Second review completed:	15 March 2020
· Final manuscript due:	15 April 2020

We strongly encourage you to submit a paper of your recent work. We attach a paper template to this mail and provide a link to author instructions:

http://sysaes.msubmit.net/cgi-bin/main.plex?form_type=do_cat&file_nm=info.htm

If you agree to submit a paper, please reply with a **title** by **15 June 2019** to:

noise.radar.special@gmail.com
